VOL. XLIX, No. 308.

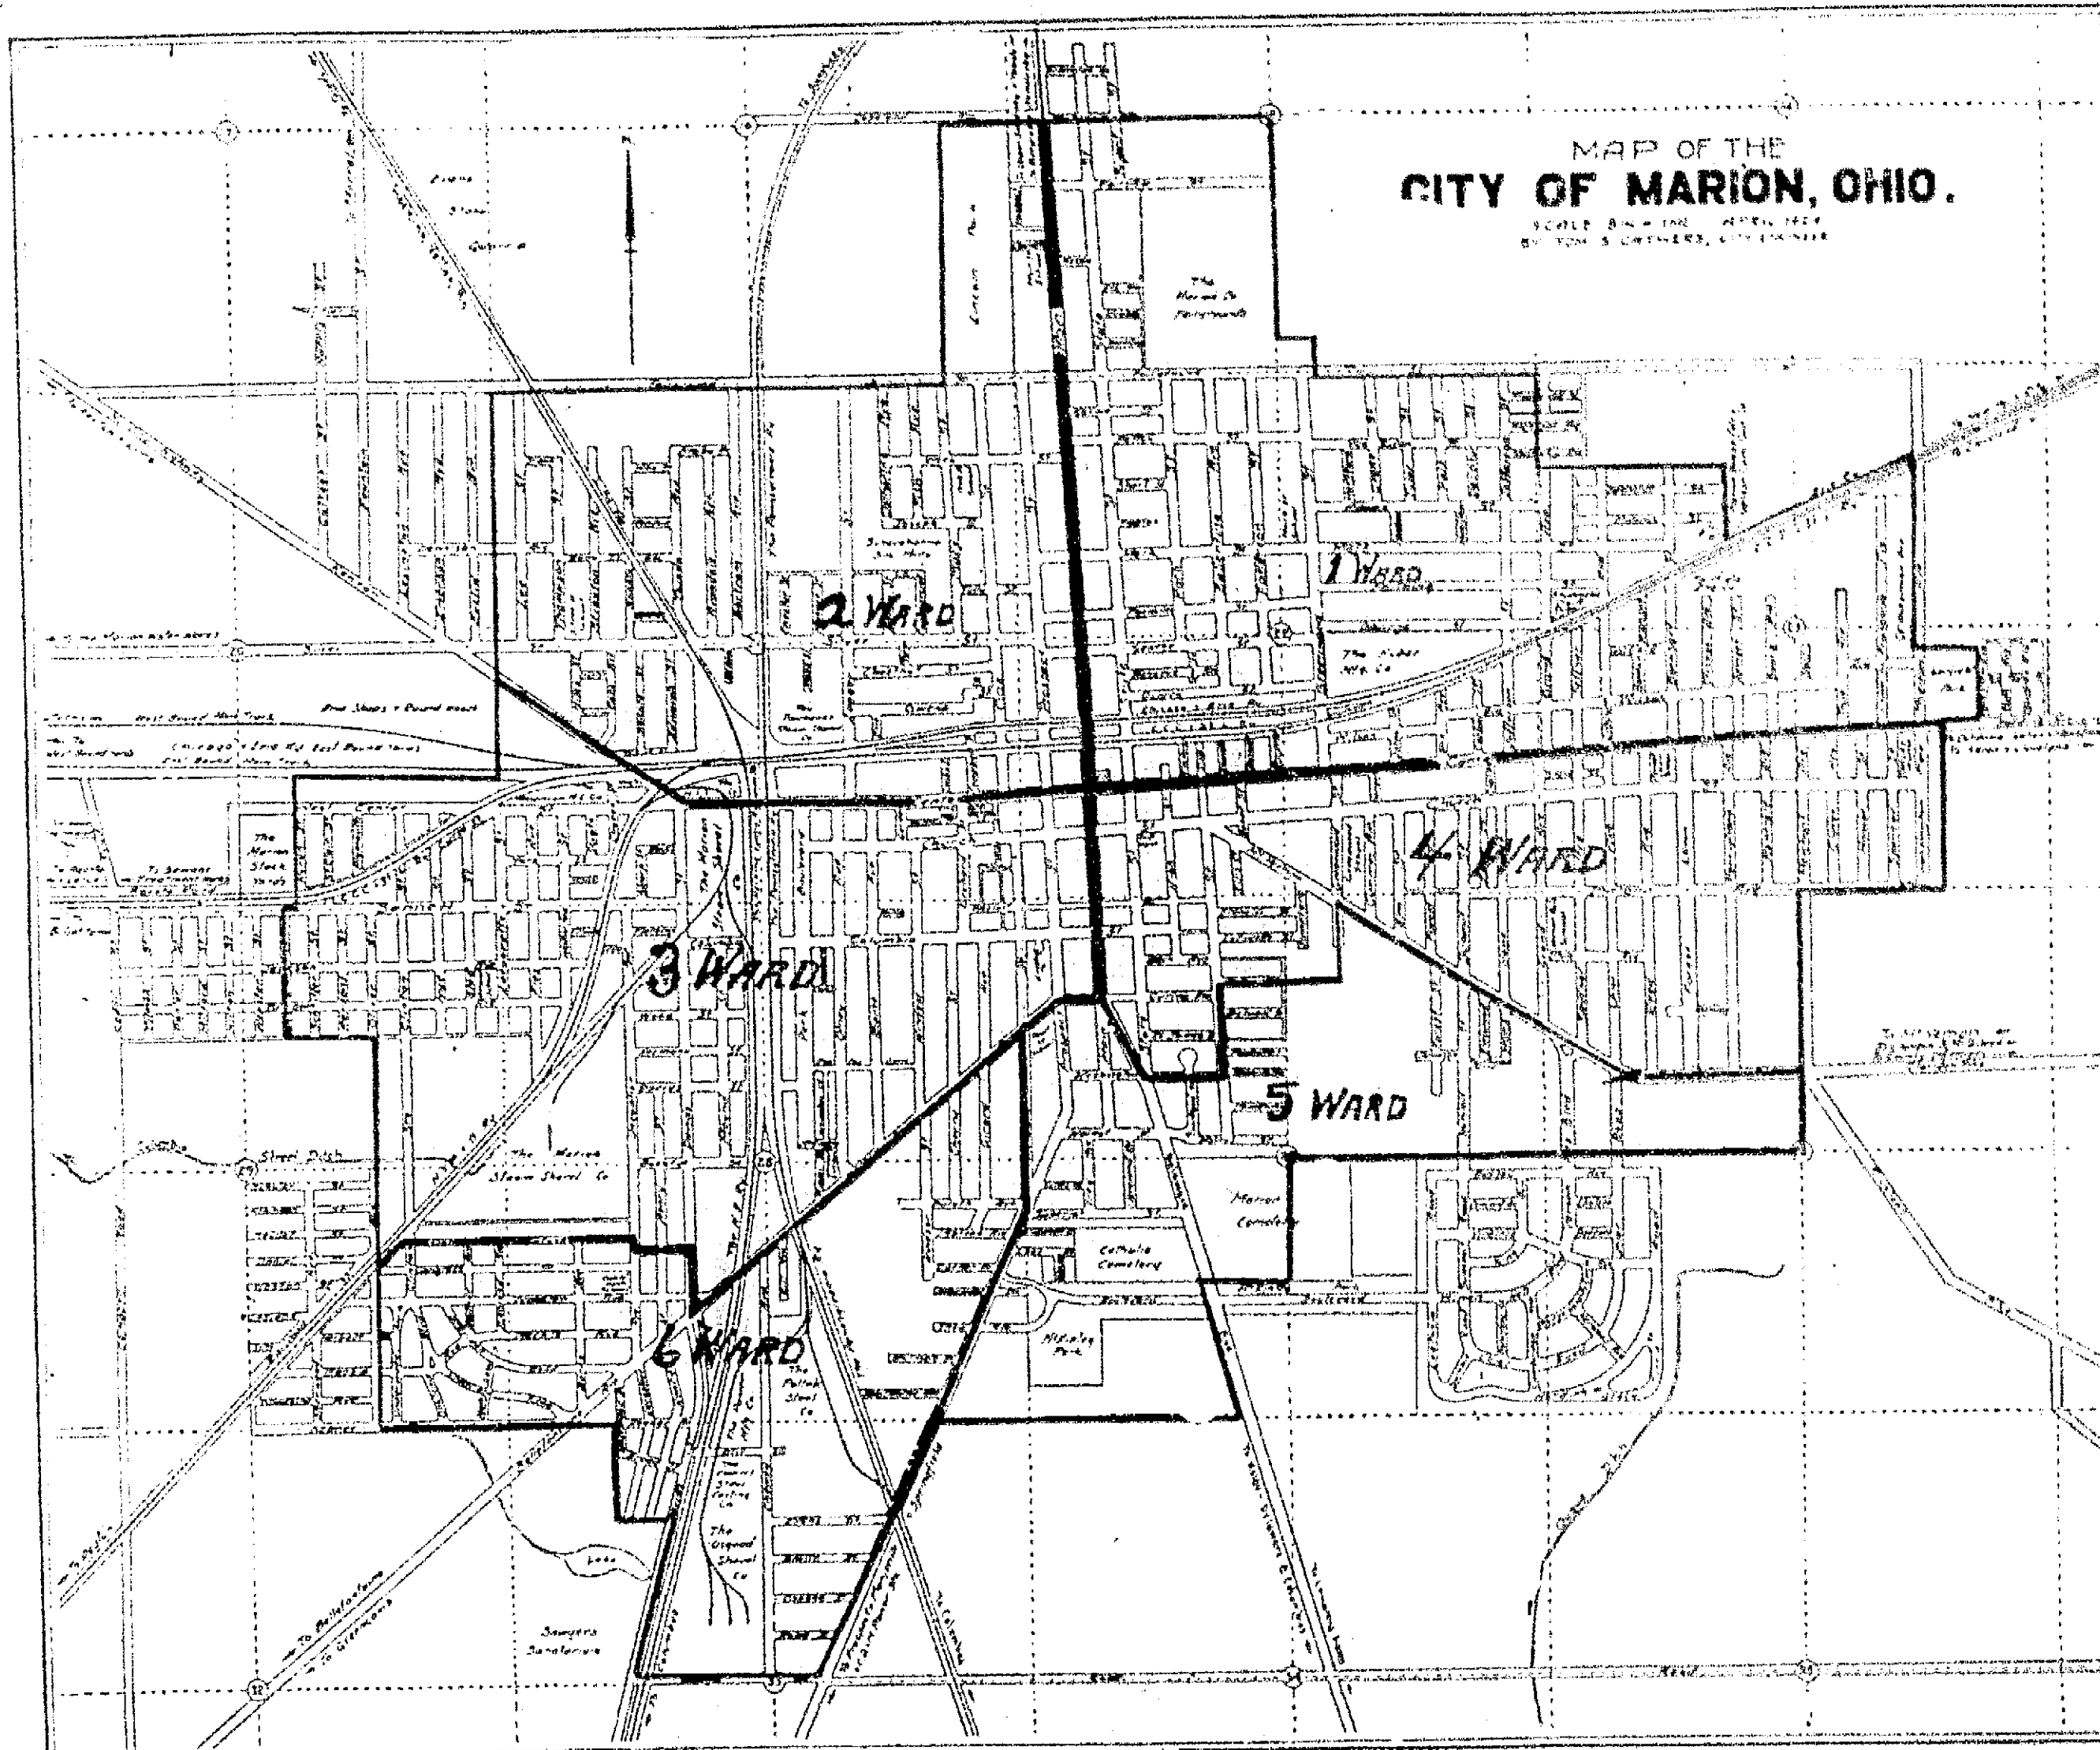

ENTERED AS SECOND-CLASS MATTER
AT THE POSTOFFICE AT MARION, OHIO

MARION, OHIO, TUESDAY, NOVEMBER 23, 1926

EIGHTEEN PAGES

PRICE, THREE CENTS

Here's Way City Council Has Arranged New Wards

THE ward redistricting plan recently adopted for Marion in an ordinance passed by the City Council, has resulted in protests from various business men, county officials and other citizens, and The Star is presenting herewith a

map clearly outlining the ward boundaries in order that the public in general may thoroughly understand the points in dispute. The chief basis of objection is the irregular line which divides the present Third and Fourth wards in

to four wards, the claim being that the plan will result in confusion and complications for voters and in the handling of public business. The present First and Second wards are unchanged.

City Council adopted the redistricting ordinance two weeks ago. It has been signed by the Mayor and becomes effective on Jan. 1 unless citizens move valuing protests are successful in their plans to bring about a repeal.

Additional of two wards to the four now established here is required by the state law which proportionates the number of wards according to population. The last census showed that Marion is in the six-ward classification.

CAR CARRYING NOTEDSPRINTER HERE KILLS MAN

Charles Paddock Shaken Up in C. D. & M. Crossing Accident

BOUND HERE FOR LECTURE

Eye Witness to Crash in Which Frank Osburn, 40, Worthington, Is Victim

Worthington, 40, a former living in Worthington, was instantly killed when he was struck by a car driven by Charles Paddock, a noted sprinter, who was on his way from Columbus to Marion to lecture here to a group of men.

The car was a 1926 Ford, a four-door sedan, and was driven by Paddock, who was a passenger in the car.

The car was traveling north on the main highway when it struck Osburn, who was walking across the road.

Mouser Declares City Must Continue Economy Practice

Extreme Caution in Expenditures Necessary to Safeguard Municipality's Credit, City Solicitor Tells Councilmen as Street Improvement Resolution Is Introduced

PRETTYMAN OBJECTS TO ADOPTION OF MEASURE

Municipal Government on Road to Financial Recovery, Officials Told, but Necessity for Check on Funds Still Exists; Proposal Tabled Temporarily

MARION'S city government must continue to maintain a policy of extreme caution and economy to safeguard its credit during the next few years.

This was the information which came to the City Council at its semi-monthly meeting last night, in a talk by City Solicitor Grant E. Mouser Jr. when he issued the warning that the utmost care must be taken in keeping down the municipal debt in order that a safe balance may be maintained in the sinking fund for taking care of bonds and interest as they fall due.

The warning came after council had given consideration to a street paving resolution and R. E. Prettyman, chairman of the finance committee, had refused to vote for it until satisfied that practically all of the cost would be met by owners of property along the street and that it would not result in any appreciable addition to the city's general debt.

Prettyman objects to the resolution provided for installing of an asphalt surface on Woodward street from its eastern terminus to S. Post street and just as it was well on the way toward adoption, Mr. Prettyman interposed a motion to have it held over until the next meeting to allow time for further investigation. He insisted upon being informed regarding the probable cost of the project and also upon other details in connection with the financing.

"As chairman of the finance committee, I feel it my duty to call for thorough investigation of every proposal which involves the expenditure of taxpayers' money," Mr. Prettyman said, "and I do not think that this resolution should be adopted before all of the facts are known."

Action of the resolution was delayed for two weeks when Council voted favorably on Mr. Prettyman's motion to table the proposal temporarily. This action was taken after the resolution had gone through to its final reading with all members of Council excepting Mr. Prettyman voting for its adoption.

Financial Review
City Solicitor Mouser's talk came immediately following the objections voiced by Mr. Prettyman. He said that the time came for the city to take care of its semi-annual debt and interest payments. Mr. Mouser stated, "There was a balance of \$242,000 in the sinking fund to meet obligations totaling \$270,000. As a consequence of this \$27,000 difference, it was necessary for the sinking fund trustees to dispose of some of their investment securities."

"Had there been any delay in the marketing of these securities as a result of flaws found in the transcripts or other apparent defects, involving the question of legality, the city would have been made to meet all of its obligations."

YOUTH CONFESSES TO CLUBBING, KILLING AGED COUPLE AT MANSFIELD

Double Murder and Attack on Young Woman Follows Argument Over Gun

Mansfield, Nov. 23.—George Thomas, 22, was held incommunicado in county jail here today, following confession that he had killed an aged woman and her husband, and had attacked a young woman.

The youth walked into police headquarters last night and confessed that he had killed an aged woman and her husband, and had attacked a young woman.

NEGRO CALLED TO TELL OF SLAYING

Man Alleged To Have Bragged of Killing of Girl

Cincinnati, Nov. 23.—Frank Smith, 24, negro, was to be given a hearing before the county coroner here today to tell what he claims he knows concerning the murder of Leah Purvis, 19-year-old Lawrenceburg, Ind., farm girl, slain more than a month ago.

Arrested recently in connection with an auto theft, Smith was declared to have bragged of knowing something about the killing of the girl.

TWO FINGERPRINTS DO NOT TALLY, DECLARES NAVAL EXPERT AT TRIAL

Ones Found on Calling Card Differ from Stevens' "Official," Is Claim

Courthouse, Somerville, N. J., Nov. 23.—The fingerprint of Willie Stevens on the state's exhibit, S-17, is not identical with the official fingerprint of Willie Stevens, today declared James Herbert Taylor, fingerprint expert of the United States navy, testifying for the defense at the Hall-Mills murder trial.

"S-17" is the calling card of Rev. Edward W. Hall. The state claims it was found at the scene of the crime and that it bears the fingerprint of Willie Stevens' left index finger.

Robert H. McCarter, chief counsel of the defense, had shown the fingerprint expert greatly enlarged photographs of the two fingerprints and asked:

"Is there any difference between these two fingerprints and were they made by the same person?"

"They were not," said Taylor.

Taylor said there was "no doubt whatever" that the two fingerprints were not the same.

"I find," said the witness, that following N-1 on D-28 an abrupt ending. Counting over two lines on D-28, I find a well defined dot. These are not found on D-27—Willie's official print.

"On D-27 from the point marked 'a' to the point marked 'b' there are but two lines intervening. On the D-28 there are four lines intervening."

"Because of these differences," I say there is absolutely no doubt that these fingerprints were not made by the same person," Taylor said.

On further questioning Taylor asserted there are seven or eight distinct differences in the two prints.

Aubrey J. Drummond, a photographer of New York City, was the first witness called.

Robert H. McCarter, chief of the defense, turned to Page 5.

FORMER KAISER IMPROVED TODAY

Princess Hermine Says Rumors That Husband Is Seriously Ill Are Unfounded

Berlin, Nov. 23.—The former German kaiser, who has been suffering from rheumatism, was much improved today, International News Service was informed in a telegram signed by Princess Hermine, the ex-kaiser's wife.

Princess Hermine's telegram was as follows:

"The reports that the former kaiser is 'seriously ill' are unfounded. He has been suffering from rheumatism for the last 10 days, but is much improved today and is getting up."

"The reports that the former kaiser is 'seriously ill' are unfounded. He has been suffering from rheumatism for the last 10 days, but is much improved today and is getting up."

ARGUMENTS IN TRIAL OF DOHENY AND FALL OPENED AT WASHINGTON

Counsel for Government and Defendants Begin What Promises Long Hearing

Washington, Nov. 23.—At the time Edward L. Doheny gave former Secretary of the Interior, Albert H. Fall, \$100,000 on a personal unsecured note Nov. 30, 1921, the millionaire oil man was one of the understanding that his friend had but three months more in public life and therefore could not possibly have expected reward at the expense of the government.

This was the answer today by Frank J. Hogan, chief counsel for Doheny, in the allegation of the government in the Fall-Doheny conspiracy trial that the \$100,000 was, in fact, a bribe for Fall's turning over of 20,000 acres of land in the Elk Hills, Calif., naval oil reserve.

Hogan followed Owen J. Roberts, federal counsel, who opened argument for the government.

Roberts had told the jury the government expected to prove:

First—The circumstantial evidence of the \$100,000 transaction clearly indicates a corrupt agreement, which involved the Doheny Company's getting oil leases of enormous value.

Second—The lease was obtained without competitive bidding in violation of the law.

Third—The construction contract for the Pearl Harbor, Hawaii, storage tanks was not in accord with the invitation and was based on the granting of preferential rights in all future leases of lands in the naval oil reserves.

Owen J. Roberts, who, with ex-Senator Albert C. Bonomi, constitutes the special federal counsel, led off for the government as soon as the lock and key jurymen were seated in the box. He began by reading the indictment and by explaining to the jurymen what constitutes conspiracy.

Had Whale Mourned
Roberts had before him the entire transcript of the trial.

COUNCIL PLANS REPAIR OF STREET GUIDE SIGNS

Preliminary Steps Taken To Provide Markers At All Intersections

Marion's street marking equipment, consisting of several hundred metal signs installed a number of years ago at all street intersections throughout the city, is in serious need of overhauling and repair and plans for the work are now under way.

Preliminary steps toward providing each intersection with a suitable marker were taken following a discussion of the subject at the semi-monthly meeting of City Council, Monday night.

Many of the markers have been completely destroyed and others badly damaged. In many cases this damage has resulted from automobiles and other vehicles crashing into the posts.

To remedy this trouble in the future it is probable that the signs will be moved farther away from the curbside.

When the street signs were originally installed, automobile traffic was only a fraction of that existing at present, and the need of a complete marking system is greater now than ever before.

Councilmen agreed.

One member of Council proposed doing away with the sign posts by adopting the old plan of installing street name plates on houses located at street intersections. This proposal, however, did not meet with approval of other Councilmen.

M. J. ALLER, 30, IS VICTIM OF RAIL ACCIDENT

Dies in City Hospital After Being Hit by Erie Switch Engine

Maxwell J. Aller, 30, of 104 Erie street, died at the City Hospital at 5:10 o'clock yesterday afternoon, as the result of being struck by an Erie switching train on the track above the Leander bridge two hours prior to his death.

There were no witnesses to the accident and as a consequence there is no information regarding the manner in which Aller was run down by the train. He was found in an unconscious condition beneath one of the cars a short distance back of the switch engine and was taken at once to the hospital in the H. Schaeffer Co. ambulance.

The injured man died without regaining consciousness. His left leg had been severed below the knee, his right leg broken and badly torn at the hip and his skull fractured.

Seen Near Bridge
Railway employees state that they had seen Aller near the Leander bridge several times prior to the accident but that no one had noticed him on the tracks when the engine and cars which brought death to him were approaching the bridge.

Aller, who was a veteran of the World War, having served in the United States Navy, had been employed as a laborer by the Power Manufacturing Co. He is survived by his wife, Mrs. Dorothy Aller, and one child, Thelma, 11 months. Mr. and Mrs. Aller were married in this city on April 3, 1921.

Five sisters surviving are Mrs. Ada Smith and Mrs. William Shively, Columbus; Mrs. T. A. Bruno, Dayton; and Misses Elizabeth and Mary Aller of Lallier.

Funeral services will be held in the M. E. Church at Lallier at 2 o'clock Wednesday afternoon with Rev. J. W. Clutter in charge and burial will take place in Lallier Cemetery.

CONDITION OF SHELBY YOUTH IS UNCHANGED

Suffering from Abdominal Injuries Sustained in Football Game Saturday

The condition of Joseph Lindsey, 17, half back on the Shelby High football team, in the City Hospital suffering with abdominal injuries sustained in the Harding-Shelby game Saturday, is reported unchanged today.

Although no improvement is seen in the condition of the Shelby youth, it is also reported that he is no worse. Lindsey suffered abdominal injuries and possible injuries to the head when he was on the bottom of a "pile-up" on the first play of the game Saturday.

First Canto Club Concert of Series Scores Success

Mrs. J. Malcolm Strelitz, a charming mezzo-soprano of unusual ability, was featured as guest soloist at the first of a series of three Canto Club concert presented last night at the Star Auditorium.

Members of the club with their piano accompanists, Mrs. Helen Zuck Lutz and Miss Mabel Biddart, presented an exceptionally fine program, which undoubtedly exceeded the preceding series of the club.

The concert was well received and the soloist, Mrs. Strelitz, was well and reasonably chosen, and ably conducted by the director of the club, Ernest C. Carl.

A most original number of the program was an International Fantasy, which comprised national songs of a number of countries, compiled into a fantasy by Director Ernest C. Carl. A group of Harding High School students, under the direction of Misses Rachel McAlister and Anna Parks, represented the various nations included in the fantasy, in costume. The fantasy consisted of the prologue, "Spirit of Music," the song "Jambatta" by Miss Katherine Eymon appeared in true Spanish attire; "Annie Laurie" with Miss Rosanna Crow as a "Scottish Lassie"; "Marsellaise," the national anthem of France, with Robert Temple.

The program opened with "A Hunting Song" by George Henry Day, sung by the entire club with incidental solo by I. H. Taylor. The remainder of the program consisted of the following numbers selected for the powerful voices of the club: "I Love You Truly" by Carrie Jacobs-Bond, sung by P. S. Bishop and the club; the "Bedouin Song" by Arthur Foster, and two ancient folk songs, "A Prayer of Thanksgiving" from the Netherlands, and "The Hunter" from the Swabian. Their program concluded with the number "The Bells of St. Mary's" by Emmett Adams.

Out-of-Town Patrons

Guests were present from the neighboring cities and towns of Columbus, Worthington, Richmond, Galion, Mt. Gilead, Upper Sandusky, Keokuk, and Cardington, and so enjoyed the program that the club was invited to appear in concert in several of the various cities represented.

Members of the club, to whom this city is indebted for one of the most original and splendid concerts ever presented here, are Director Ernest C. Carl; first tenors, William Ackerman, H. L. Albrecht, G. J. Bechtel, B. Gilmore, Aaron Guetting, George Lusch, H. H. Robinson, L. D. Zachman, S. W. Zachman; second tenors, Carl Klingel, John F. Lacey, G. D. Layman, J. F. Leffler, F. H. LeMaster, W. H. Lord, H. J. Mautz, P. E. Sprang; baritone, P. S. Bishop, H. L. Bowers, P. C. Lacey, J. W. Parland, R. L. Seerist; I. H. Taylor, J. A. Walsh; basses, J. W. Harraff, John Hollman, Manfred Layman, R. A. Martin, Carl Miller, W. E. Orrett, and Jesse Underwood.

Club Assistants

Assisting the club as soloists were a number of Harding High School students, including Misses Ruth Millisor, Kathleen Becker, Virginia Miller, Gladys Small, Ruth Gelbaugh, Eliza both Morgan, Charlotte Kramer, and Louise Rider and Robert George, John Parschall, Marlow Zachman and LeRoy Stull.

Announcement has been made of the two remaining numbers of the series.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Fig Syrup" at once if bilious or constipated

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Fig Syrup" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless, "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Fig Syrup," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with counterfeit name.

Believe "Clubber" Responsible For Disastrous Fires

INCENDIARISM IS EVIDENT IN TOLEDO BLAZES

Question Is Similar to That of Two Years Ago; \$250,000 Loss

Nov. 23—Toledo's "clubber," responsible for the murders of several persons and attacks upon 10 others, is being held by police to be the crazed incendiary who caused seven fires, causing a loss of approximately \$250,000 early today.

The outbreak of incendiaryism resembles that of two years ago when the city was terrorized by a series of fires, all created within a few days and causing damage of several million dollars—mostly to lumber.

Special agents were placed in the city, and the fires ended. Two weeks later, a lumber yard turned to the use of several homes and flats being burned by arsonists. A bomb was thrown in a mail box addressed to the city, and a Catholic priest, this time, was the target of the attack.

The alleged fiend then turned to attacks upon women which continued intermittently until two weeks ago, when rewards totalling \$12,000 were offered for his arrest.

The C. A. Mack Lumber Co. was burned this morning with a loss of \$25,000. The city street department was also burned, the Banner Lumber Yard, Henry P. Streicher Contracting Company's sheds, a building in the rear of an apartment house and a New York Central freight car were burned.

In each instance, fire department officials have pointed to the "clubber" as the incendiary. The Citizens' Ice Co. was recently burned with a loss of \$10,000. The only clue was the meager suggestion of a man seen leaving the place shortly before it was burned.

A few minutes later the alarm from the Banner Co. was turned in.

Police officials believe that a superstitious, almost unbelievable craftiness is the sole author of the many crimes.

They frankly admit that they have discovered the slightest thread of evidence which might aid them in trapping the fiend.

ENGINEER INJURED IN EAST LIVERPOOL WRECK

East Liverpool, Nov. 23—Engineer J. J. Wilhelm, of Alliance, suffered a fractured foot early today when a freight train wrecked near the city.

The engine and several cars went into the ditch, traffic being delayed for several hours.

HERE'S MORE ABOUT MOUSER'S WARNING STARTS ON PAGE 1

lization on Sept. 1. This could have meant but one thing—serious damage to the city's credit rating.

Payne M. Biss, "It is true that the city government is now on the road to financial recovery and that it is paying its bills as it goes, but the necessity of continuing a policy of utmost care in expenditures still exists," Mr. Mouser stated.

"I agree with our City Treasurer, Asa Queen, when he says that our watchword must be 'conservatism,'" the City Solicitor declared.

This statement brought to light the fact that recently the City Treasurer addressed a letter to members of Council outlining the condition of the sinking fund and telling of the difficulties experienced in meeting obligations on Sept. 1.

Cities Fund Shortage. In his statement, last night, City Solicitor Mouser informed Council that at this time there is a balance of approximately \$5,000 in the sinking fund and that unless property owners pay the assessments levied for street improvements, revenue for paying the city's debt in the future is again likely to fall short of requirements.

The Solicitor's talk disclosed that failure of the city to collect special assessments in full during past years has been the chief cause of the sinking fund and debt problem.

Many property owners have allowed their assessments to go unpaid and others have obtained reductions on the claim that the assessments were higher than the limit prescribed by law. As a consequence, money to pay for street improvements has had to come from the general tax levy.

It is highly important, because of this condition, to see that petitions for pay- ment of assessments are signed by enough signatures to assure collection of assessments in full, the Solicitor said.

By signing petitions, property owners waive the right to benefits of the law which limits the size of assessments, thus providing protection for other taxpayers.

"I am strongly in favor of all improvement projects," Mr. Mouser said, "but only when the owners of benefited property are willing to pay the cost."

The Wildwooder, paying, which residents of that thoroughfare petitioned for recently, would be a resurfacing project. The street now has a macadam paving and this would be used as a foundation for the asphalt surface.

Meat Investigators. T. J. Mead, Councilman for the Second Ward, stated that he had investigated the proposition and believed that the improvement should be made now while the foundation is in good shape.

"The work can be done at a lower cost now than would be possible at any time in the future," Mr. Mead said.

Mr. Prettyman, chairman of the finance committee, did not question the need of the improvement but the wisdom of having the work done at this time but he believed that Council should be thoroughly informed on the probable cost before taking definite action.

There is a section of S. Prospect, near Wildwooder, where paving has been in an incomplete state for about six years, a concrete foundation being installed without any surface.

Mr. Prettyman was of the opinion that since S. Prospect is a main thoroughfare, it is more important to complete the work there than to order the paving on Wildwooder.

CONDITION BETTER. Mrs. R. J. Macklin, 335 Ohio ave., who underwent an operation for gallbladder at City Hospital Saturday is reported improving.

PHILO IMPROVING. The condition of Philo Elio, 895 W. Center-st., who underwent an operation for appendicitis at City Hospital recently is reported improving.

UNDERGOES OPERATION. Mrs. R. J. Macklin, 335 Ohio ave., underwent an operation for gallbladder at City Hospital Saturday is reported improving.

CARDINGTON MAN BETTER. Fred Zentler of Cardington is reported improving in City Hospital. He is undergoing treatment.

THREE MEN KILLED. Detroit, Mich., Nov. 23—Three men were killed and several injured in an explosion at the American Blower Works today, according to reports to the police.

WEATHERMAN FORECASTS RAIN FOR WEDNESDAY

Warmer Is Prediction for Tonight; Drop in Temperature Predicted Wednesday Night

Warmer tonight and rain Wednesday is the weather forecast for the day before Thanksgiving. But the official prediction tucks a joker into his schedule, a little four word, prognostication that should be a warning to all Marion citizens. This addition to the weather report.

Much colder Wednesday night. The weather man has but it right for several weeks now, and it appears that it is time to get out the chains, fill up the radiator with alcohol, and stock up on the furnace.

A year's temperature took a drop on November 23, instead of the 24th. The low temperature a year ago was 23 degrees, and the high was 33. The weatherman does not say how low the mercury will go tomorrow night.

Yesterday the high was 37 degrees, and much of a range in 24 hours, and bearing out the warmer prediction of the official forecaster.

HERE'S MORE ABOUT PADDOCK'S LUCK STARTS ON PAGE 1

Daniels, which makes it more interesting.

"Yes, but I'd rather not say anything about that. Everybody asks me about it," he answered. So the subject was changed.

Last May Paddock traveled 100 yards in one and one-half hours, setting a new world's record for that distance. He is now the fastest human who ever stepped into a spiked shoe.

With one exception Paddock lacks the athlete. He has the clear, cool, calm and collected of the man in first class condition. The one exception is the finger trace of the "blister" he got in that spunk game in Massachusetts. He also had his head laid open with the same blow, and six stitches were needed to close the wound. The shoe shows just over his temple.

For the last five years Paddock has been depicting ten weeks every autumn and winter to the lecture platform. He makes a circuit of the entire country, coming across the south, up through the east into New England, then back into the north central states, into the middle west, northwest and then to his home in California.

He closes his tour in time to get into shape for the big spring meets where he made his name for speed on the cinder tracks.

In 1928 Paddock will be among the candidates for a place on the American Olympic team which will go to Amsterdam for the big international games. Barring accidents he will be one of the crew which will bid for world honors in the sprints at the Olympic games.

This is Paddock's first trip here to lecture, he has been here before to talk about the world's fastest man. He is a close friend of Walter Lingo, owner of the Orange Knolls at LaPorte, and has been here to visit with Lingo and see the dogs at the kennels. Dogs are his favorite sport, and indoor dog, for Paddock will talk about them when all other topics fail to draw him out.

Paddock already has one of the new breed of dogs Lingo is developing, the Lingo-dog, a cross between the police dog and the Alsatian. He has this and other dogs at his home on the east side.

C. C. WALTERS IMPROVING. C. C. Walters of the Harness shop, S. Main-st., who was injured when he fell on the ice at his home, 236 E. 11th, Friday night, is reported improving today. He will be confined to his home for a time, however. His injuries included cuts about his face and severe bruises on his left side.

REPORTED IMPROVED. Mrs. George Saunders, who is ill of grip at her home, Ballentine-ave., is reported improving daily.

HERE'S MORE ABOUT HALL-MILLS TRIAL STARTS ON PAGE 1

ness counsel, questioned Drummond.

The witness testified he came to Somerville and took photographs for the state. He identified as one of the pictures he had taken, an enlarged photograph of exhibit "S-17," the calling card found near the body of the Rev. Edward W. Hall, which the state claims bears the fingerprint of Willie Stevens' left index finger. The defense was launching its attack upon the authenticity of the card. The defense claims the card, the state has put in evidence as "S-17," is not the actual card found near the bodies.

The enlarged photograph. It was three feet by five, was offered in evidence as defense exhibit 125. Under cross-examination the witness admitted no one was with him when he took the picture, developed it or enlarged the picture.

"What percentage of distortion is there in this enlargement?" Simpson asked.

Explains Fingerprinting. "I couldn't say and to one else could," Simpson shot back.

"Don't speak for the world—speak for yourself," Simpson shot back.

McArthur then showed Drummond state's exhibit No. 37—the comparative fingerprints from Dr. Hall's card and from Willie Stevens' left index finger.

"These also have a certain distortion, haven't they?" asked Simpson.

"Yes," Taylor was then called. He testified his duties are "identification, classification and filing of fingerprints."

Taylor gave a technical explanation of the science of fingerprinting.

Proving to the jury that the eccentric Willie Stevens is innocent of any connection with the mysterious murder of Reverend Hall and Mrs. Mills today became the main concern of the "million dollar defense" in the Hall-Mills trial.

Now To Clear Willie. The defense believes it has proved that Henry Stevens had nothing to do with the slaying that it has shown by an array of witnesses that Henry was at his home in Lafayette, S. J., 50 miles from the Russys' lane, on the night the couple were shot to death.

So now the defense has turned to the task of clearing Willie. They will seek to show:

First—That Willie was not in the Russys' lane on the night of the murder as alleged by Mrs. Jane Gibson, but that he was at home at the hour of the crime.

Second—That Willie's relations with the slain minister were cordial; that, in fact, they were real friends.

Third—That Willie had no motive that would prompt him to kill Mrs. Mills; that he knew her only casually and that she knew nothing at all in his life.

Willie To Take Stand. Fourth—That Willie's fingerprints were not found on a calling card picked up near the bodies.

The defense will undertake to show that exhibit "S-17," the calling card of Dr. Hall found near the bodies, which the state alleges bears the fingerprint of Willie's left index finger, is not the card given to investigators four years ago. The defense will demand to know how there can be fingerprints on the back of the card and none on the face. They will try to prove it is a physical impossibility to handle a card in the usual manner without showing prints on both sides.

Willie himself, as did his brother Henry, will take the witness stand in his own behalf, the defense reiterated.

Mrs. Frances Stevens Hall also will testify. The defense, however, will not reveal beforehand the exact hour of the day when either Willie or Mrs. Hall will take the stand.

COLD WEATHER CUTS BUILDING IN MARION

That the arrival of cold weather has brought the building season to a close is evident from records at the city clerk's office, showing that a building permit taken out today was the first issued since Nov. 17. This permit went to A. F. Harroff of 258 Elder-ave., who will construct a dwelling house at 299 Elder at an estimated cost of \$2,500.

The building permit season, the month will fall considerably below the average, the clerk's records show.

MINE BOSS FINED AND JAILED AFTER EXPLOSION

Wheeling, W. Va., Nov. 23—Matthew Bennett, mine boss of the Glendale mine of the Pittsburgh Wheeling Coal Co., at Moundsville, W. Va., was fined \$100 and sentenced to serve 60 days in jail, and Ambrose Harts, miner, was fined \$50 and sentenced to 30 days in jail, here today on charges of failure to properly inspect the Glendale mine prior to an explosion which cost the lives of five miners there recently.

BIRTHS. Announcement was made today of the birth of a daughter, Marjorie Ann, to Mr. and Mrs. Donald Sherer, 233 Rose-ave., Thursday.

SUFFERERS STROKE. Mrs. Helen Kemper, 84, suffered a stroke of apoplexy late yesterday afternoon at her home, 491 S. Main-st. Her condition is reported serious and little hope is entertained for her recovery.

POLICE FIRE ON BURGLAR CHASED FROM RESIDENCE

One Negro Found in Cellar. Other in Garage. Both Escaped

Two negro prowlers, apparently planning burglary, created a brief reign of terror in an East Side residence district about 10 o'clock Monday night when one of them was discovered in the basement of the Marion Blossing home at 218 Elder-ave and officers were summoned from the police department in a futile attempt to effect a capture.

Firing of shots by the policemen and pursuit of the prowlers in which all male residents of the neighborhood participated failed to get results and the two men made good their escape.

The excitement started when Mrs. Marion Blossing, who was entertaining members of her woman's club at a social gathering, heard a suspicious sound in the basement. Accompanied by one of her guests, she went down to investigate but hastily retreated upstairs when a noise in the cellar indicated presence of some intruder. The police department was immediately notified and several officers responded.

A search of the basement revealed that the prowler had fled and the police had started to leave when Mrs. Blossing discovered one of the negroes hiding behind his trunk and the other adjoining. Officers and men living in the neighborhood gave chase with police guns barking merrily at the fugitives' heels, but he escaped in the darkness.

Shortly afterward Mr. Blossing went to his garage and on opening the door he was surprised to find a negro there. He was quickly knocked down by the second negro, who had been hiding in the building and collided with Mr. Blossing in making his escape.

This morning it was reported that there were signs of some one leaving the house in the early morning. The police department was notified and the Blossing residence was searched, but no one was found.

This was the second time during the last few weeks, it was reported to police, that supposed burglars had entered the Blossing home through the basement.

Police state that the negroes evidently planned to remain hidden until occupants of the home had retired and then loot the premises.

HERE'S MORE ABOUT DOHENY-FALL TRIAL STARTS ON PAGE 1

morning in which to cite to the court and jury the developments leading up to what the government claims was a deliberate conspiracy to defraud the nation of some \$200,000 over an inviolable fund.

The jury did not show the strain and irritation of enforced confinement last night, they were hunked in a large room directly over the court. This morning, under guard of a deputy marshal, they were marched several blocks away for breakfast at a local hotel. Wives and relatives were on hand at the marshal's office before court opened, with bundles of clothing for the jurors. Many appeared jittery as they filed in.

Justice's long admonished both sides this morning as to court rules for conducting a trial. Only one member of counsel for each side can examine or cross-examine. Not more than two may address the jury.

In all probability the Christmas holidays will find the 12 men of this jury still sleeping in barracks quarters, eating under the watchful eye of deputy marshals and filing into court daily under guard, for the list of witnesses scheduled to appear pro and con in this outstanding criminal case promises a trial of nearly two months.

FARMER KICKED TO DEATH. Norwalk, Nov. 23—Edmund Tenth, 68, a farmer of Harland Township, was kicked to death this morning by a horse.

"SULFOX" TAKEN FREQUENTLY IN HOT WATER

Is unexcelled for relief of COLDS, GRIPPE, "FLU," etc., the germs of which are now filling the air and fastening themselves on unsuspecting humanity.

KEEP YOUR SULFOX BOTTLE HANDY

during the coming winter months and you will not be a victim to the agonizing pains of RHEUMATISM, NEURITIS, etc.

Mrs. Mary Willis, Ghent, Ky., proves the truth of this statement in her following words.

"I do not want to be without 'SULFOX.' It has no equal for Colds and Grippe and is a wonderful relief. After using it for several months, I was entirely relieved of a bad case of Rheumatism."

BIDS OPENED AT CITY HALL ON EQUIPMENT

More Than Dozen Offers Turned in on Autos and Trucks

Bids were opened at the city hall at 1 o'clock this afternoon on a contract for the purchase of equipment.

More than a dozen bids from automobile and truck dealers were submitted on each of the two pieces of equipment. The proposals are now being tabulated and will be announced tomorrow.

Purchase of the police car, limited by action of Council to a price of \$1,800, was authorized after considerable discussion by Council in which one of the members, John L. Owens, of the Third ward, stood out against the proposal.

His opposition was based on the belief that the old Chrysler and Cadillac cars, now operated by the police department, could be overhauled and placed in condition for service. Other city officials, however, stated that both cars are beyond repair and it was on this information that Council authorized purchase of the new machine.

The garbage collection truck is to be paid for from profits of the garbage department.

Rather than nothing to live on and something to live for, there plenty to live on and nothing to live for.

'Blaze of Glory'

—BY FRED M'ISAAC—

CHAPTER V
It was the game to make me suffer further, but I was only beginning. The first and second varsity teams had been tentatively formed, and two scrub teams to play against them. Nobody suggested me for a position on any of these organizations. I kept tacking the dummy, putting, running around the track and retrieving the ball for regular kickers.

As far as I know the coach had never given me a second look from the day I first reported to him, but when the list of men who would be taken to the training tables was published I was astounded to find my own name. Evidently they didn't think I was as hopeless as I considered myself.

Although I was a mass of bruises from head to foot, my bones so sore they ached continuously, and my head always ringing from hard bangs on the turf, I forgot all these things when I saw "William Alden" on that typewritten list. I was on the Harvard squad.

A few days later I lined up and was given signals with the second scrub. They put me in at left end. The following day we were sent against the second varsity team, given the ball on its twenty yard line and told to make a touchdown.

The end on the second team was considerably smaller than myself, but he had played in the last quarter of the Yale game the previous year. He kept me so busy I forgot to listen to the signals. It happened that our first play called me to leave my end, run to the right, receiving the ball from the quarterback, and circle the left end. I was jockeying with the opposition end and the quarterback had to fall on the ball, causing us a loss of five yards.

The squad as one man called me a bonehead and the end opposite me was particularly insulting. Before I had time to recover from the humiliation of this piece of stupidity a fresh end tapped me on the back and I went to the sidelines.

The head coach grinned wickedly at me.

"You have to have brains as well as brawn to play football. If you ever miss a signal again I'll fire you from the training table."

Then he walked away from me.

There is no sense in losing your head to the details of the past of the season. I was used pretty steadily on the scrub, and got the reputation of being a thorough moron. I could never catch signals quickly enough. I was always a trifle too slow in guessing when the play was coming my way.

In open field tackling I could bring down any man. I could catch a forward pass pretty well, and I could sometimes break through and block a punt when they tried me at guard or tackle but, taking it by and large, I was always outplayed by the opposition player.

Perhaps it was because I was not sufficiently aggressive. I never could convince myself that the fate of the world depended upon my breaking through on a certain play or my blocking a punt of the season. Two weeks before the end of the season I was dismissed from the squad, and I witnessed the Princeton and Yale games from the stands.

That year we lost to Princeton and beat Yale by a goal from the field.

Knowing the game so much better this year than I had done the previous season I suffered more keenly at our failure to clean up completely.

take S.S.S. and be PROUD of a CLEAR SKIN

Does YOUR MIRROR reveal a clear, ruddy skin, free from blemishes, that is such a joy to every woman? Or are you embarrassed by pimples, blackheads and other unsightly and disfiguring handicaps? A clear skin is in reality your passport to success and if your mirror reveals a disfigured, unsightly complexion, it is time to begin at once to correct this unsatisfactory condition.

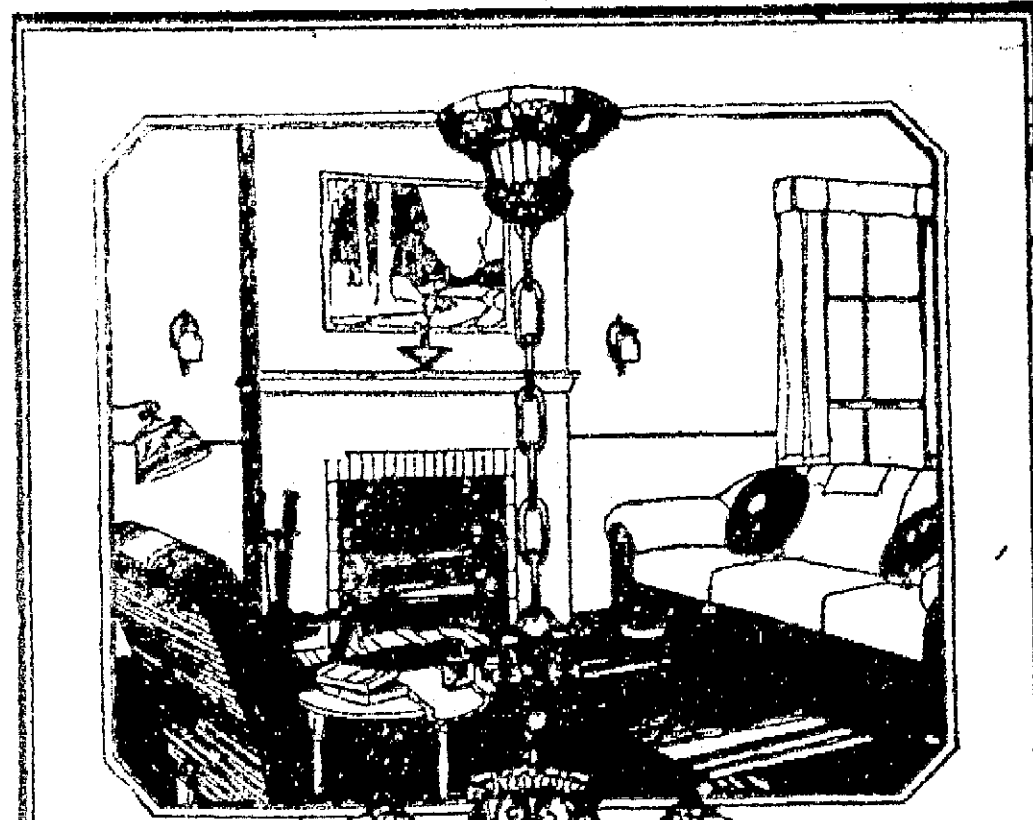

When the blood becomes infected with humors or impurities, the circulation cannot supply nourishment to the skin, but instead deposits the acid impurities with which it is contaminated into the sensitive pores and tissues. This causes inflammation which erupts in pimples, blackheads, and other unsightly blemishes.

Just as long as the blood remains impure, the skin will be free from eruptions.

When the blood becomes affected with humors, its purifying and healthful properties are lost, and its humorous condition causes inflammation of the delicate tissue and fibres of the pores and glands. You have but to realize the importance of pure, rich blood in preserving the health, and that the source of all skin disorders is in the blood. Remove the cause, which is not in the skin itself, and therefore cannot be reached by a treatment that is strictly local, but is deep down in the blood supply.

S.S.S. Has a Proved Record
Over 100 Years as the World's Best Blood Medicine

Because S.S.S. does build red-blood cells, it clears the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients. It is also a remarkable builder of firm flesh which is also important to beauty. It will fill out your hollow cheeks, put the "glow" of health in your cheeks and the sparkle in your eyes. Since 1823 S.S.S. has been beautifying complexions and giving women physical charm. That is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. S.S.S. is sold at all good drug stores. The larger size bottle is more economical. Start taking S.S.S. today. Its marvelous results will amaze you!

Riddle Fittings decorate the home

Your home is not complete without artistic lighting equipment. Riddle Fittings, in period designs, provide the proper decorative note. The warm and subdued coloring blends with any interior color scheme. Certain designs in which heavy bar iron is utilized (as illustrated) are especially suited to homes of Italian, English or Spanish type. Other styles are designed particularly for Colonial homes. And every fitting is of the true Riddle quality, representing also the utmost value obtainable in home lighting equipment.

As Authorized Riddle Dealers we will gladly show you genuine Riddle Fittings. You will be delighted with the beautiful styles available at moderate prices.

The Marion Electrical Appliance Co.
120 S. State St. R. L. ULMER, Mgr. Phone 7239.
Authorized Riddle Dealer

The school year passed without incident worth mentioning save that I stood well in my studies. I still roomed with Sudern, but now we lived in Hollis in the college yard. My football experience had given me no prospect of making friends easily, and I was busy most of the time in my old occupation as a subway guard, a job I had landed immediately after the football season.

Did you ever visit Harvard on Class Day? It is the only college I ever attended, but it doesn't seem possible that any other Class Day can be so lovely, particularly in the evening when the grounds are illuminated.

Half a dozen military bands, appearing in the various divisions of the wide spreading yard. The paths are thronged with young people, seniors in caps and gowns, girls in white dresses, underclassmen proud that some day they will also be grave and revered seniors.

The loveliness of the girls who come to Harvard Class Day is beyond description. Every senior who has a room in the yard is entertaining. Sudern had a flock of girls who crowded our room to a point where I was driven out of doors. They were not my kind of girls, in fact there was only one girl who could draw a second look from me; you know who she was.

I was very lonely, everybody had friends save myself. I felt I was being pitied as I wandered about alone, in a throng which was composed entirely of pairs. Suddenly my heart missed step, my eyes dilated, a cold sweat started on my forehead. Directly in front of me was Rose Abbott, chatting gaily to a senior. She was wearing a ravishing white costume with two or three roses at her shoulder, and a big, wide, flapping white hat. She met my eye, and my cap was instantly in my hand.

"How do you do?" said I, eagerly.

Rose looked at me in apparent surprise, turned her eyes away, granting me the stiffest, most impersonal sort of nod. Then she passed. I looked after her, but she did not look back.

Either she had not recognized me, or she was ashamed to admit that she knew me to the gorgeous senior who was acting as her escort. To be sure it was two years since the day I had called her from the water, but I would have known her if I had not met her for fifty years or if I had encountered her a thousand years later in some spiritual sphere. She had influenced my life unwittingly so that I was now a Harvard sophomore, about to enter my Junior year; when she had last seen me I had been a ragged Cape fishing youth who spoke with a twang. But she should have known me. Had I not saved her life?

I had planned to return to Hydeport this summer, to look her up and astonish her by my culture and magnificence; I saw now that it would be utterly futile. I would always be the native who had rendered her a service and had been impudent about it. She would look on me about the way a Brahmin would regard a parish wench supposed to wash and share entitled him to establish social relations.

Ah, well, what was the use? Rose Abbott was not for me, and I did not want her. If I ever met her again I would cut her first. I would go on in my career, become somebody very great and when she wished to know me I would refuse to meet her. It makes me smile now to think of my resolutions that night. I was just a proud, lonely, ambitious boy in love.

Next day I shipped on my little schooner for a full summer's cruise to the bahias, and when I returned in September I had a pocket full of money and a little safer confidence.

I had been telling myself that I was through with football, that I would not spend another three months of physical abuse to no purpose, and I had not answered the postal card from the coach asking me to come out for early practice.

The first day I moved into my room in the Yard, the assistant coach called on me.

"What's the reason you didn't report ten days ago?" he demanded.

"I'm not coming out for the team this year."

"The reason you're not. What's the matter with you?"

"I'm no good," I told him. "It was pretty thoroughly demoralized last year. I was finally fired off the squad. That was enough for me."

"So we wasted two months' hard training on you. Just about the time you would be of some value to the team."

Cuticura Loveliness
Beauty of Mother Bestowed On Daughter

For more than two generations mothers everywhere have been using Cuticura Preparations and have been teaching their daughters that daily use of them produces clear skin and healthy hair. They find the Soap pure and cleansing, the Ointment soothing and healing, and the Talcum an ideal toilet powder.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to a natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics do without any of the bad after effects.

Olive Tablets bring no griping, pain or any disagreeable effect.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take nightly for a week and note the effect. 15c, 30c, 60c. All druggists.—Adv.

After Grippe, Bronchitis, Cold Or Cough, Build Strength With SCOTT'S EMULSION

Rich In The Health-Giving Vitamins Of Cod-liver Oil

STOP BAD BREATH

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to a natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics do without any of the bad after effects.

Olive Tablets bring no griping, pain or any disagreeable effect.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take nightly for a week and note the effect. 15c, 30c, 60c. All druggists.—Adv.

Chocolate coated—easy to take

Quicksands of Love

BY ADELE GARRISON

HUGH GRANTLAND had changed. I saw that instantly as he and Lee Chow sprang to their feet when I entered the apartment.

He looked more like the young army officer of my first acquaintance, with him than he had in many moons. That he had been taking splendid care of himself, or that Lee Chow had been doing that service for him, was very evident from his outline, erect figure without an ounce of superfluous flesh upon it, from his tanned, healthy skin and from his clear eyes.

I realized, of course, that the change was more forcibly apparent to me because when I last had seen him just prior to his departure to China with Lee Chow, he had been but the writhing of his usual self. It had been the wreck of a man who had gone on that journey, broken down by the dragging and other terrible experiences he had suffered at the hands of Yut Kai and his inhuman stepmother. It was a powerful, virile figure which had come back, and which with outstretched hands came swiftly across the room to me.

Never had I seen Hugh Grantland before without the shy reserve which always had encased him from the time of my first meeting with him. Always he had been a man of great daring, of infinite resource, a man to depend upon in any emergency. But as a social figure he was almost a total loss, for with women, even with those whom he knew best, he was shy, almost tongue-tied.

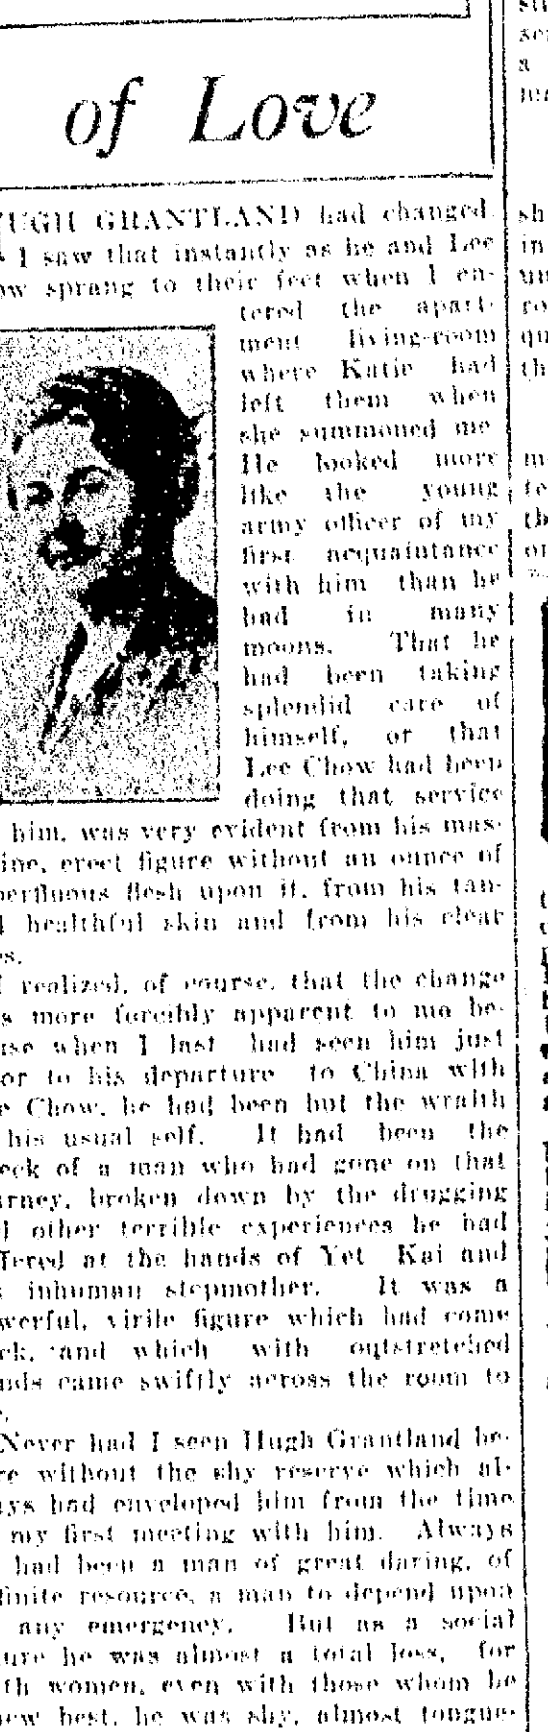

But it was a man, perfectly sure of himself who possessed himself of the hands I held out to him, and regarded Lee Chow bent over them and I kissed them. If the lions guarding the New York Library suddenly had come to life with a similar desire I could not have been more astonished. Anything more unlike Hugh Grantland could not be imagined. Somewhere in the months of his absence he had lost his shyness and found social ease. Women, I began to speculate, upon the reason for this abrupt change. Was some alluring, feminine influence responsible for the change?

Madge Feels a Thrill

But something in the pressure of his lips upon my hands, something also in the expression of the clear eyes turned upon me when he raised his hand, told me that his daring was the result of no woman's influence while he had been separated from me. He kissed my hands because he could not have my lips—that was the message his eyes conveyed in a look that was in itself a caress. I spoke hurriedly in an effort to camouflage by the usual welcoming greetings my recognition of that look in his eyes.

"How wonderful to see you again!" I said, with friendly enthusiasm, which at least, I told myself was a genuine emotion. "Father told me that you would be back at about this time, and I have been hoping each day for a week that I soon would have news of you."

Why We Become Weak, Run-Down If Glands Fail

THOUSANDS drag through life always tired and worn out, suffering with loss of energy and vitality, and fail to recognize the cause of their trouble. Medical authorities now know the trouble is "asthenia," and claim it is caused by an unbalanced glandular system or weakened glands.

Glands exert a remarkable influence on health, strength and vitality. When the glands function normally they supply their vitalizing hormones for secretions which are essential to physical well-being. And when the glands fail to function, health fails.

Now, glandular treatment, which is endorsed by eminent scientists and physicians of this country and Europe, is being used by thousands of men and women to help overcome a weakened, worn-out, run-down, exhausted condition, and to regain the strength, vigor and vitality that are the natural benefits resulting from a normal glandular system.

Glandogen, the new scientific gland tonic, provides a simple method of taking glandular treatment. Glandogen is prepared in convenient tablet form, for both men and women. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic. Bradley and leading druggists everywhere.—Adv.

Ice Cream

DINNER
Mock Chicken Mashed Potatoes
Buttered Peas
Chili Sauce
Tomato and Nut Salad
Parker House Rolls
Peach Shortcake
Coffee

TODAY'S RECIPES
Shamrock Salad—Wash a sweet pea and a sweet green pepper and cut off the stem of each. Remove all seeds and pith. Mix cream cheese with a little onion, pepper, salt. Stuff pepper shells with and chill thoroughly. Then slice about three slices to the inch and serve a slice of each on each plate with a bed with lettuce leaves. Dress with mayonnaise.

Mock Chicken—Take one and one-half pounds real (stripper) from the shank, cut into serving size pieces, put into boiling water, salted, and cook until tender. Remove from the broth, roll in flour and fry in butter very quickly. The shape of the pieces and the taste is very much like chicken.

Peach Shortcake—Take one-third cup melted butter, put two eggs in the butter and fill cup with milk. Put into this one and one-fourth cups flour and one cup sugar sifted three times, add salt. Bake in shallow pan for 15 minutes.

Home-made Remedy Stops Cough Quickly
Finest cough medicine you ever used. Flattest cough medicine made. Saver about 82.

You might be surprised to know that the best thing you can use for a severe cough, a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the cough in easily prepared at home in just a few moments. INGROWN NAIL
Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for entropionia. However, anyone can buy from the drug store a tiny bottle containing directions. A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can no longer penetrate the flesh, and the nail turns outward almost overnight.—Adv.

Eats But Can't Breathe Too Much Gas

"I had gas on the stomach and after meals I was always bloated and short of breath. Since taking Adierka I feel like a different woman."—Mrs. L. Worstall.

Adierka gives the system a REAL cleansing and brings out old poisons which may have caused trouble for a long time. Unlike most medicines, it acts upon BOTH upper and lower bowels. Just one spoonful relieves gas and takes away that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adierka brings out much additional poison which you never thought was in your system and which caused sour, gassy stomach, nervousness, sleeplessness, headache. No matter what you have tried for your stomach and bowels, Adierka will surprise you. At leading druggists, Bradley's Drug Store and other druggists.—Adv.

LECTURER IS TO TALK ON MEXICO AT ST. MARY'S CHURCH

DAVID GOLDSTEIN

Mr. Goldstein will discuss the fundamental causes of the present disturbance in Mexico in his talk Thursday night at St. Mary's Catholic Church when he will be presented under the auspices of members of Marion Council, No. 671, Knights of Columbus. The lecture will begin at 8 o'clock and will be free.

The presentation of Mr. Goldstein is a part of the million dollar campaign against Sovietism on this continent, inaugurated by the Knights of Columbus at their convention in Philadelphia in August. He is an author and lecturer whose writings and talks have been credited with having done much to stem the rising wave of socialism in this country. His contributions include "Socialism, the Nation of Fatherless Children," "Bolshevism, Its Cure," and "Campaigning for Christ." The last book tells the stirring story of his pioneer lay street preaching between San Francisco and Boston, of eight years' work upon the pavements for Christianity.

Mr. Goldstein believes that the public is not sufficiently aware of the real importance of the present crisis in Mexico and holds that in Mexico is now being decided to a great extent the future of the governments of this continent.

GERMAN RUM RUNNER IS TAKEN BY COAST GUARD

Vessel Taken While 140 Miles at Sea; No Reason for Seizure Given

New York, Nov. 23 — Mysterious, rum laden, the German barkentine Carman, of Hamburg, rode at anchor almost within the shadow of the Statue of Liberty today under strict watch of coast guardmen. The Carman was seized while 140 miles at sea and towed here by the coast guard destroyer McCull.

NO REASON GIVEN FOR BOAT'S SEIZURE

Washington, Nov. 23—Admiral F. C. Billard, commandant of the coast guard, announced today that the German bark Carman, seized 140 miles at sea by the destroyer, McCull, was taken at the request of Division Commander A. J. Henderson, of the coast guard at New York. Henderson requested that the coast guard fleet seize the Carman, no reason having been assigned in a copy of the order received here.

"The basis of the seizure is not known here," Billard said. "It, however, has full confidence in Henderson's judgment and certainly he has evidence justifying the action."

Officials indicated that possible American ownership of the Carman has been discovered or that the liquor ship

HOUSING CONDITIONS SURVEY STARTS TODAY

Real Estate Board Expecting Committees To Complete Trips by Nightfall

Work of making a survey of housing conditions in Marion, for the purpose of compiling a detailed list of all vacant dwellings and business rooms, was started today after noon today by members of the Marion Real Estate Board and is expected to be completed before tonight.

Dividing the city into nine districts, two members of the board were assigned to each district and began their trips over all of the city's streets immediately following a noon luncheon meeting of the members held at Hotel Harding.

When the report is summarized, it

TRAVELING MAN BOOSTS INDIAN HERB MEDICINE

J. Moran Declares Redwood's Tepee Tonic Is Best Remedy On Earth For Stomach, Kidneys and Liver.

From all parts of the country, rich and poor alike, are giving signed statements that ring with heartfelt thanks for Redwood's Tepee Tonic. The following is an example.

REDWOOD

J. Moran, traveling salesman, 147 E. 17th St., Erie, Penna., says: "I had kidney trouble and my kidneys were so weak that I had to get up several times during a night. I could hardly bear the weight of my hand on the lower part of my back. I can tell the world that I was just miserable. My appetite was poor and my food disagreed with me. I was constipated, too."

"Before I had taken my first bottle of Redwood's Tepee Tonic I was greatly improved. I took three bottles and now my kidneys are acting normally. My back does not pain me. I have the greatest faith in Redwood's Tepee Tonic."

Redwood is one of the most learned men in America in regard to roots, barks and herbs. His Tepee Tonic contains upwards of fifty rare plants. If you don't feel well try this genuine Indian medicine. It has helped others and it will also help you.

Redwood's Tepee Tonic is recommended and sold by Bradley's, Henney & Cooper's, Wm. M. Stump's, Bartlett's and all druggists in Marion; Richmond, H. D. Kyle's, and by other well stocked drug stores in nearby towns.—Ad.

Seventy Per Cent of Chattel Mortgages Filed in County are for Automobiles

BEFORE the year is ended there will be close to 7,000 chattel mortgages filed in Marion County. These mortgages cover a multitude of articles, but like chatties, the greatest among the virtues, the automobile is the greatest among the mortgages.

The time payment plan did not originate with the automobile companies, but it has been taken over so thoroughly that as far as mortgages are concerned the automobile is far ahead of all other branches of business.

It is estimated that approximately 70 per cent of all chattel mortgages filed in Marion County are placed on automobiles purchased on the time payment plan. This includes both new and used cars, and is an index to the large amount of business done by the automobile dealers in a year.

The time payment plan, which necessitates the use of a mortgage to secure the unpaid part of the purchase price, has been, automobile men say, the means of keeping up cars moving and, in that way of stimulating the entire

automobile business. It is estimated that without the time payment plan, from 90 per cent to 95 per cent of the automobiles sold or even part of them would be lying idle. And most of the latter are users of time payment.

The time payment plan has developed two points where it works both ways from the producer. There are now many prospective owners of automobiles who are making payments before they ever pick out the automobile they want. They are using the latest variable in automobile financing, the plan of accumulating deposits with the dealer, who holds it until enough is accumulated to make a down payment. Then the car is delivered and the owner keeps right on paying until the machine is fully paid for.

One Marion automobile dealer pointed out that in the tremendous amount of business done in his line of business on the time payment plan, the rate of interest for financing was lower and the number of mortgages foreclosed smaller than in any other business using the

PARENT-SON BANQUET HELD AT WALDO SCHOOL

75 in Attendance at Agriculture Class' Second Annual Affair

Waldo, Nov. 22—On Friday night the Agricultural class and teacher, L. B. Fuller of the Waldo high school, sponsored the second annual Parent-Son banquet, held at the school building with 75 in attendance and the following program was carried out: Ralph Bender, toastmaster, address of welcome, Donald Augusten, history of the Agricultural class, Ralph Gerson, roll call, class projects, "Mother's Taster," in "Vocational Agriculture," Mrs. D. H. Wilson, "Fathers' Relationship the Success of Failure of the Work," H. H. Berringer, "Vocational Agriculture in the School," W. A. Thotom, "The Relation of Vocational Training to a Well Rounded Education," Rev. S. C. Long, music was furnished by the boys orchestra from the short course class. The economics class and teacher, Miss Wolf, served the banquet, the guests seated long tables with lovely appointments, place favors were stuffed bou-bons boxes.

RABBIT SUPPER SERVED ON ALL CHURCH NIGHT

Kirkpatrick, Nov. 23—All church night was observed at the M. E. Church on Thursday night. A rabbit supper was served to about 60. A very interesting talk was given by Capt. Dunston of the Salvation Army of Decatur. The evening was spent with games and stunts. Out of town guests were Capt. and Mrs. Dunton, Miss H. Dunton and Mr. and Mrs. N. Scott of Decatur.

MISS SELANDERS HOSTESS TO C. I. C. CLASS MEMBERS

Waldo, Nov. 23—Miss Thelma Selander and brother Raymond, Thursday night entertained the C. I. C. class and teacher, Mrs. B. H. Osborn of the Reformed Sunday School at the home of their parents, Mr. and Mrs. D. W. Selanders, aside from a large number of members, the following visitors enjoyed the festivities: Misses Pauline Wiley and Addie Cox of Marion; Dwight Gibson and Sheldon Long of Green Camp; Dorothy Bernsky, Ralph Augustine, Donald Augustine, L. Verna Corbin and Earl Wilson. The evening was spent with contests and music. Mrs. Selander served assisted by Mrs. Susan Conkili.

Beech News

Beech, Nov. 23—The Clendon Township Sunday School convention was held Sunday afternoon and evening at the Salem Evangelical Church. Both sessions were well attended.

Mrs. Erma Spence of Clendon was a caller Sunday night at the home of her sister, Mrs. S. H. Kramer.

Miss Florence McChesney of Marion was a guest Sunday night of Mr. and Mrs. Wallace Ault.

Mr. and Mrs. William Fairchild were entertained Sunday at the home of Mr. and Mrs. George Sergent.

Mr. and Mrs. S. B. Kramer and Mr. George Kramer were Sunday dinner guests of Mr. and Mrs. Frank Mayer of near Waldo.

Miss Dorothy Long of Edison spent the week end with Miss Erma Tittel.

Quarterly meeting will be held next Saturday afternoon at the Salem Church.

Mr. and Mrs. William Flair had as their guests Sunday night Mr. and Mrs. William Ebert and family of Marion.

Mr. and Mrs. Walter McChesney and granddaughter, Marguerite, Loyer of Marion visited Mr. and Mrs. Clarence McChesney Sunday.

Mr. and Mrs. Manly Eiler of Marion were guests of Mr. and Mrs. Harry Tuttle Sunday.

FILED FOR PROBATE

Mr. Gilead, Nov. 23—The will of John H. Dailley, of Clarendon township, has been admitted to probate and recorded. The entire estate is left to the widow, Flora D. Dailley, who is named executrix of the will. Frank Shaffer, Clarence Howard and Lee Davis have been appointed appraisers.

JUDGMENT GRANTED

Mr. Gilead, Nov. 23—Judgment has been granted by the Morrow county court of common pleas to the plaintiff in the case of The Morrow County Building and Loan Company vs. S. A. D. Parks, Cora Parks and Asa Miller. Foreclosure was decreed and the sale ordered. Attorney W. P. Vaughn, common pleas judge-cum-de, represented the plaintiff.

Patsy's Patter

Gossip and Guesses in the
World of Sport

By Pat Murphy

THE football season so far in the part of the country is something to be proud of. It has been a success. But two of the biggest games of the season are yet to be played. The first of these is the game between the Chicago Bears and the New York Giants. The second is the game between the Chicago Bears and the New York Giants. The first of these is the game between the Chicago Bears and the New York Giants. The second is the game between the Chicago Bears and the New York Giants.

THE comment of one sport editor on the outcome of the Yale-Harvard game in Monday's paper is unkind, to say the least. He had to say: "Yale, 12; Harvard, 7. Well, what of it?" And these are two of the "Big Three".

READMISSION of Germany to the International Lawn Tennis Federation and Davis Cup competition in 1927, has been favored by the United States Lawn Tennis Association. This, following dispatches indicating that Berlin wants to be the site of the next Olympic games, and stories of the cordial reception given German boxers in Paris, makes it look as though the war were over.

WEDNESDAY night in Columbus, Ar. Haft presents another wrestling match in his elimination series to pick an opponent for Clarence Eklund, the bald, spectacled "human centipede" who holds the light-heavyweight championship. This match will bring together Ira Dorn of Salt Lake City and Martin Ludecke of New York, the "German Oak". Dorn holds a win over Eklund at catchweights, and Ludecke has recently returned from a trip to Australia, during which he met and defeated Ted Thye, who at one time took the title from Eklund, only to lose it in a return match.

CLEVELAND will get Kid Knap's first fight in his campaign for the lightweight title. He meets Billy Wadley in the sixth city Dec. 2. The fighter is said to be negotiating with Eddie Kane, late manager of Tommy Gibbons, who is now handling the fortunes of the athletic champion, Sammy Mandell, for a match between his charge and Knap for the title in New York late in December. We will not into the prospect class by predicting that Knap will knock Mandell for a roll of goal posts if he ever gets him into the ring.

GENE TUNNEY will meet Tommy Leachman, the tough heavyweight prospect from Philadelphia, at Atlantic City, Dec. 8.

Kramer to Captain Harding Gridders in 1927

Red and Black Pivot Man Honored by Team Mates for His Consistent Playing

Sixteen Men Given Letters for 1926 Season, Including Houghton, Kept Out of Practically All Games Due to Injuries Sustained Early in Schedule

CHARLES WARREN "TUBBY" KRAMER, 165-pound center, will lead the Harding High grid warriors in battle next year. "Tubby" was selected as captain of the team's eleven last night during a meeting of the football squad.

Kramer filled the position of pivot man this year in a manner which earned him the captaincy. Last year, pitted against the stiff competition given by Miller, one of the best centers ever developed at Harding High, "Tubby" managed to edge in during several big games and displayed his ability. When the 1926 season came along, the youth was placed in the pivot position immediately and remained there.

Kramer is a Junior this year and will play his last games under the Harding High colors next season.

Only one other candidate appeared for the captaincy of the Harding High griders. Houghton, who was chief center in the backfield during 1925 and was unable to play this year because of injuries sustained early in the season, was nominated. Houghton was given a letter this year although he failed to play the full number of quarters required. He lacked but two games to be eligible for a letter and would undoubtedly have played this year had he not suffered injuries. Houghton saw action Saturday for the first time since the Gallon game when he replaced Lewis at end in the final minutes of play.

Sixteen letters were given by Coach Sprout. They include Capt. Born, fullback; Walter Merchant, quarterback; Bob Merchant, end; Shultz, end; McElroy, tackle; Cook, guard; Kramer, center; Mabo, guard; Houghton, tackle; Hinkle, tackle; Gurnett, halfback; Tuttle, halfback; Lowe, quarterback; Houghton, fullback; Lewis, end; McArthur, halfback, and Merkle, manager.

Each of the three football letters while Shultz and Hinkle were given their second letters. The other letters were given for the first time.

All suits were handed in last night during the meeting of the squad and will be stored away until next September when the grid will again be reigned and football enthusiasm will reign.

Wait a minute! Don't get excited. They will meet on the golf links, not on the ring. If the heavy-weight champion will be pitted against one of his prospective challengers in an early round of the Christmas seal golf tournament of the Seaside Club at America's playground.

CONTINUE KICKING
Ithaca, N. Y., Nov. 23.—Coach Dolbe today ordered Balderston and Carey to continue practicing placement kicking, realizing that Cornell may be forced to rely on field goals to score against Ithaca's great defensive team. The same team which defeated Dartmouth probably will start against the red and blue.

MIDLAND SQUAD,
RICHMANS AND
LOGANS WINNERSHold Three League Tilts;
Alleys Closed Thanksgiving

Midland Mutuals won three from Smart & Wadell and Richmans took two out of three from Bentz Tires in the Y. M. C. A. National League matches last night, while the Logan Gas bowlers scored a triple victory over the Postoffice in the Industrial League.

The Industrial match was played last night instead of Thanksgiving night, and Hubers will meet the American Express Co. tonight in three games formerly booked for Thanksgiving. The alleys will be closed Thanksgiving Day for the first time.

The Mutuals turned in scores above 800 in all three games with Smart & Wadell. After winning the first game by the slight margin of seven points, the Midland crew had little trouble in taking the next two. Stewart was high scorer for the Midland Mutuals with 200 while Hoffmiller led Smart & Wadell with 195 points.

After winning the first two games, Richmans dropped the third contest to Bentz Tires by a margin of 14 points. Eshy was high man for Richmans with 102 plus while Cull was high Bentz scorer with 200 points in one game.

The Logan Gas men held their own in the end of the Industrial League standing last night when they defeated the Postoffice bowlers in three consecutive games. Anthony led the guests with 100 points in one contest while Lechits scored 200 for the Postoffice.

GAMES TONIGHT
Marion Buicks vs. Motorcycles.
Bradley vs. Jim Dugan.
Hubers vs. American Express.

Georges Carpenter Becomes Critic, Lists 10 Best Heavies

Paris, Nov. 23.—Georges Carpenter has turned boxing critic. Reviewing the present crop of heavyweight boxers, Carpenter has announced his selection of the 10 best heavyweights now in the ring.

Carpenter's selections follow:
First—Gene Tunney.
Second—Jack Dempsey.
Third—Jack Delaney.
Fourth—Jack Sharkey.
Fifth—Tommy Loughran.
Sixth—James Dolan.
Seventh—Eli Berinska.
Eighth—Young Stribling.
Ninth—Frank Bonzo.
Tenth—Paulsen.

Semi-Pro Cage Season Opens Here Wednesday

Wooster and Mt. Union and Cincinnati and Miami to Bury Ohio Conference Grid Campaign on Thanksgiving

CLEVELAND, Nov. 23.—There will be four gridderies in the 1927 Ohio Conference football season, which unlike most other seasons will take place at two separate and distinct places. For while Wooster and Mt. Union are meeting at Alliance in the final

for the northern part of the state, Cincinnati and Miami will bury the present season at Cincinnati.

And anyway, aside from the two distinct places of the teams, the cage is over as far as the championship is involved with Musk-

ingham doing pretty well with seven league wins and many a defeat, trailed by Dayton, which won three losing games, and St. Xavier with one lone conquest out of one.

Wooster at Alliance

At Alliance, a Wooster eleven which seems to have been outfoxed

at Oberlin last week, when the usually dependable Fullback For was so hurried in his punt that the same punt went about six yards only and Oberlin won the game, backs against Coach Thorpe's purple and white team.

The Mounts have had an off-season and only the play of Fullback Armstrong has saved it from tragedy. But last year's things were so very different and the best Wooster could do was a 7-0 victory.

The black and gold is a better team, despite the bump last week and it will be the final week to the gaudy gods if Mt. Union upsets Wooster.

Anything Can Happen

The Miami-Cincinnati game is pretty much the same. The Oxfordians have shown up far better

Additional Sports
on Page 18

this year than their rivals, but a Bearcat-Miami clash is likely to deviate from all known habits of football teams and develop into almost anything.

Cincinnati has had its usual eleven. Full of power, devastating in attack outside of the 20 yard zone, but lacking in the final punch, the Bearcats will oppose an outfit which rose to its greatest heights against Oberlin and still possess enough power to be the favorite.

When Miami defeated the Congregationalists the line and backfield showed up beautifully. Fullback Striker was all over the field on offense and defense and the Crimson boys were not to be denied.

In 1925, Miami ran wild over Cincinnati, 33-0, but its doubtful if so large a score can be repeated this season.

READY FOR CORNELL

Philadelphia, Nov. 23.—Penn's football team will leave today for Allentown, N. J., where they will rest up for the Cornell game on Thursday. There are no serious casualties on the squad.

SHORT SIGNAL DRILL

Hamilton, N. Y., Nov. 23.—The Colgate regulars went through a short signal drill today as a final preparation for the turkey day game with Brown. With the return of Shaughnessy, all of the regulars are in shape.

CARR NOT TO START

Syracuse, Nov. 23.—Whippet Carr, star Orange back, will not start against Columbia on Thursday, but will reserve for a scoring opportunity. The team will leave for New York tonight after a short signal drill this afternoon.

On the other hand, Coach Silva of C. men are also prepared for a defeat and are eager to get revenge for last season's defeat at the hands of Dairies in the championship battle.

The Casays are composed of year's stars and many new arrivals. Incidentally are also playing with Midways.

The K. of C. quintet has not yet a formal opponent this year but held several practice sessions with one of the best league teams in the city. Coach Silva announced today that the team were never in better condition and better fitted for a real battle.

CHARLEY PADDOCK, "the world's fastest human", is due in Marion tonight. He will appear in the Star Auditorium in the second number of the Harding High School Senior Class Entertainment Course and will give an account of his experiences.

Charley Paddock, long unofficially called "the world's fastest human", is now officially such. The officials of the Amateur Athletic Union have just put their stamp of approval

on his world record breaking feat—that of stepping the 100 yards in 9.7-10 seconds.

And by the same sweep of official pen the august body ratified the world's record of 220 5-10 seconds for the 220-yard dash, set by Roland Locke.

The recognition of Locke's mark, ably enough, taken from Paddock the honor of holding the world's record for that distance. Paddock reeled off that distance in 20 4-5 seconds.

There is still the technical question as to whether the marks will be confirmed as "world records" by the International A. A. U. because of the disfavor in which the recently tried tenth-second watches are now held. The only query this raises in the minds of the public, however, is:

MASSILLON MAN IS
NAMED FROSH HEAD

Elected Captain of Ohio State Yearling's Football Squad; Plays Center

Columbus, O., Nov. 23.—William Edwards of Massillon, was elected captain of the Ohio State freshman team yesterday. Edwards will lead the yearlings in the annual freshman-sophomore football game today.

Edwards played football at Massillon High and was captain there one year. He prepared at Kellee before entering Ohio State. He is 22 years old, plays center and is looked upon as the man to take Alex Klein's place on the varsity next year after Klein graduates.

BENNY FRIEDMAN NOT TO
PLAY PROFESSIONAL GAME

Ann Arbor, Mich., Nov. 23.—Benny Friedman, captain of the Michigan football team, will not enter the ranks of professional football, he announced today. He has made no definite plans for the future, but declares that he is not enthusiastic about entering professional grid work when he receives his bachelor of arts degree next June.

POLISHES DEFENSE

New York, Nov. 23.—Columbia's varsity polished up its defense today in preparation for the Syracuse game. The junior varsity, using Syracuse plays, opposed the regulars.

DUMMY SCRIMMAGE

Providence, R. I., Nov. 23.—Dummy scrimmage was ordered for the Brown team today as the Bears perfected their offense for the Colgate game. Practice will be held again tomorrow.

LIMA STEELS TO PLAY

Lima, O., Nov. 23.—The Ohio Steel company will be represented by a basketball team this season, playing most of its games away from home.

TIGER WINS EASY HUFFMAN FIGHT

Georgia Deacon Takes Bout All the Way from Sailor

Chicago, Nov. 23.—Tiger, former middleweight champion, won today following his triumphant engagement here last night with Sailor Eddie Hoffman, of the Pacific coast.

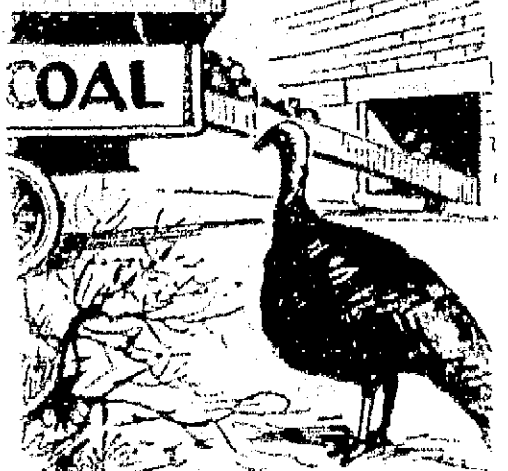

The Georgia deacon won all the way. He was so far ahead by the end of 10 stirring rounds that the official hand raising of the referee appeared as a superfluous gesture.

Only once, in the sixth round, did Hoffman make any serious threat. In this session, he clipped the Tiger on the jaw and had him wobble. The proper aggressive follow-up, however, never came. He made a different story, but the sailor wasn't there and an instant later Tiger was ploughing in.

New York—Tony Canzoneri, of Brooklyn, won decision over Andre Roubin, of France, 12 rounds. Nat Kautler, of New York, won decision over Benny Gould, of Canada, 10 rounds. Teddy Haddock, of England, won decision over Ralph Nisbo, of Brooklyn, six rounds.

Boston—Mickey Walker, former welterweight champion, won decision over Jack Malone, of St. Paul, 10 rounds.

Baltimore—Benny Schwartz, of Baltimore, won decision over Tommy Ryan, of Buffalo, N. Y., 12 rounds.

ARMY, NAVY TAKE LIGHT WORKOUTS

Neither Coach Taking Any Chance On Injuries at Last Minute Before Clash

Annapolis, Md., Nov. 23.—The Army and Navy football teams took their final practice today at the Marine Corps camp at Annapolis, Md., before the clash at the Marine Corps stadium at Annapolis, Md., tomorrow.

The Army and Navy teams took their final practice today at the Marine Corps camp at Annapolis, Md., before the clash at the Marine Corps stadium at Annapolis, Md., tomorrow.

ARMY LEAVES FOR CHICAGO WEDNESDAY

West Point, N. Y., Nov. 23.—A light workout today, followed by a brief signal drill tomorrow before leaving for Chicago, will complete the Army's preparation for the Navy game.

MIDWAYS DEFEAT HOWITZER FIVE

Run Wild for a 44 to 12 Victory Over Guardsmen

The Midway Lunch basketball team ran wild against the Howitzer crew last night at the arena and scored a 44 to 12 victory over the guardsmen in one of the cleanest and fastest games ever played on the arena floor.

The Howitzer crew took the floor for the first time last night, without even practicing together, according to their manager. The Midways, after many practice sessions were true to form and had little difficulty in dropping the ball through the hoop.

Geissler and Merkle starred for the Midways. Geissler was credited with six field goals while Merkle scored five. Howitzer was high cover of the guardsmen with three field goals.

The Howitzer lineup included Amick, Doulton, Kellogg, Lashey, Pindling, and Jones. Jones did not start the game but was given an opportunity before the fog closed. Every Midway man was given a chance to show his stuff. The starting lineup included Merkle, Geissler, Vessel, Jonsson, and Binnert. McCowan, Shea and Burke saw action before the game ended.

As soon as the average girl acquires two or three stick pins she begins to talk about her jewels.

SECOND ROUND OF LOOP WEDNESDAY

Business Men To Play on Two Courts at Y. M. C. A.

The second round of Business Men's Volleyball League is scheduled for the upper and lower gym floors of the Y. M. C. A. late Wednesday afternoon.

John Stief's winning outfit will meet Charles Isaly's volleyballers in the first game on the lower floor at 5:15 while the team captained by R. K. Hill is scheduled to tie up with Carter Parry's men on the upper court at the same hour.

Stief's crew turned in a victory over Dr. Frank Murphy's team last week and Hill whalloped the organization captained by Virgil Powell. Isaly's men and Patton's outfit lost in the first round last week.

At 5:15, Dr. Murphy's team will battle the undefeated volleyballers led by Russell Smith on the lower gym floor while Powell's men are booked to contest with Roy Waddell's, undefeated team.

The volleyball season opened last week with 55 business men turning out for the session and taking part in the activities. With the second round approaching, friendly rivalry is already beginning to appear and before the first round arrives in January, some close battles are expected.

Teams captained by Hill, Stief, Smith and Waddell, are tied for first place while the teams led by Powell, Murphy, Patton and Isaly, have yet to win a game.

K. OF C. FIVE TO MEET CHRYSLERS

Will Play Upper Sandusky Team Thursday Night

The Marion Knights of Columbus basketball outfit will open its outdoor season Thursday night, when it meets Neat's Chrysler's of Upper Sandusky on the new Y. M. C. A. gym floor of that city.

Coach Silva of the Casey's made the announcement today when plans were completed with Paul Zachary, manager of the Chrysler's.

Neat's Chrysler's, who last year played under the name of Fleck's Square Deals, have one of the best cage teams in this vicinity, according to the manager, who announced that Penz and Appleget of the Isaly Dairy crew will be in the lineup Thursday night. Maus, Zeleny and Blaser are stars of last season's Square Deals.

An unusual amount of enthusiasm is being shown in Upper Sandusky in anticipation of the opening of the cage season and the new Y. M. C. A. is expected to be filled to capacity for the game.

It is applied intellect that makes any neighborhood or community interesting in literature. Let there can make Po-tato Hill interesting.

Thanksgiving Sale of Hats!
